

Lull Telehandler Part

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement ever since the year 1959. Whether the job entails positioning heavy steel, landing loads on scaffolding or transferring loads, using a Lull telehandler would help make the work go faster and easier. These units are available together with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull could provide 80 inches of boom travel for precision placement capabilities. There are also various optional Lull attachments for their telehandlers to be able to help complete any task.
