Advance-Nilfisk Part - Think about how tedious it will really be to tidy up your home after having a large party, without aid from cleaning equipment. Back in the day, the time upholstery and carpets had the dust beat out of them by hand; cleaning cloths, brushes and brooms were the state-of-the-art cleaning supplies of that time.

The man who established Nilfisk-Advance, P.A. Fisker, started out as an electrical engineer who liked to work on electrical motors. After starting his company in 1906, he started to produce motors to drive drills, coffee grinders, fans and machine tools. Mr. Fisker's vision from the start was to have a global company advertising merchandise worldwide.

The Nilfisk C1 was an incredible breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by a single individual. This invention came in a time where various cleaning machines were huge and needed at least 4 operators, hence, the Nilfisk C1 transformed everything and evolved the manner we clean forever. The genius behind these very first cleaning machines remains unparalleled. Cleaning machines offer a brilliant solution to an ongoing dilemma; stuff get dirty and need to be cleaned on a regular basis, without too much effort.

Gradually but progressively, Nilfisk-Advance grew throughout the years. During the 1980s, this expansion really happened when the business became a part of the NKT Group. Their new owners' ambition and focus made Nilfisk-Advance take a huge leap ahead within the business, aspiring to be among the largest universal players in the market of professional cleaning machines. Nilfisk-Advance is presently found in every part of the globe due to steadily obtaining a lot of smaller companies in order to develop their product range and presence in new markets. They are proud to offer a range of cleaning solutions to fit each requirement.
